ITD110 - Web Page Design I
Reading Quiz - "What Is The Internet Really?"
2026-2027

The maximum possible score on this quiz is 5 points.
In the gradebook, it will be weighted 5 points.

Multiple Choice Questions: 1 point each

Each of the following questions might have multiple answers. Select any or all answers that are correct.

1. One memorable line from this video happens when the electrician says "A squirrel is chewing on your internet." What did this mean?
   (a) The electrician was being silly. The internet is not something that a squirrel can chew on.
   (b) There is a physical wire that brings the internet into the building.
   (c) A squirrel had accidentally pushed a button that reset the wifi router.
   (d) A squirrel had messed up something on the laptop.
2. Imagine I go on my laptop here at school, open Google Chrome, and open the homepage to the University of South Africa. Which of these happens?
   (a) My computer communicates with a physical computer somewhere in South Africa.
   (b) The information on the website is transmitted across the ocean via a satellite.
   (c) The information on the website is transmitted under the sea.
   (d) The information on the website travels to my computer at the speed of light.
3. The speaker told the story of watching a country getting "plugged in" to the internet. What real-world event was he describing?
   (a) The first person in this country bought a computer.
   (b) A politician created a new account in the cloud.
   (c) A new cable was physically connected.
