ITD110 - Web Page Design I
Reading Quiz - Terminal Commands
2026-2027

The maximum possible score on this quiz is 5 points.
In the gradebook, it will be weighted 5 points.

Multiple Choice Questions: 1 point each

Each of the following questions might have multiple answers. Select any or all answers that are correct.

1. I want to make a copy of a file called `notes.txt` and put the copy in a different directory called `backup`, keeping the original file where it was. Which of these commands could do this?
   (a) `mkdir notes.txt backup/notes.txt`
   (b) `mv notes.txt backup/notes.txt`
   (c) `rm notes.txt backup/notes.txt`
   (d) `cp notes.txt backup/`
2. I have a file called `cat.png`, and I want to create a new directory called `images` and move `photo.png` into it, keeping the same file name. Which of these statements are true?
   (a) I could run `cp images` to create the new directory.
   (b) I could run `mkdir images` to create the new directory.
   (c) I could run `mv cat.png images/` to move the file into the directory.
   (d) Running `rm cat.png images/` would move the file into the directory.
3. I have a very large log file called `server.log`, and I only want to find the lines that contain the word `error`. Which of these statements are true?
   (a) I could run `grep error server.log` to search for those lines.
   (b) I could run `rm error server.log` to search for those lines.
   (c) I could run `touch server.log` to quickly browse what is inside it.
   (d) I could run `less server.log` to open the whole file and look for `error` myself.
