ITD110 - Web Page Design I
Reading Quiz - "Hyperlinks"
2025-2026

The maximum possible score on this quiz is 5 points.
In the gradebook, it will be weighted 5 points.

Selection Questions: 1 point each correct answer. There are five total correct answers.

1. I have an image in my webpage. When the user clicks on the image, I want it to take them to a relevant page on wikipedia.org (my website is not wikipedia.org). Which of these statements is true?
   (a) It is best practice for this link to open in a new tab
   (b) It is not possible to turn an image into a hyperlink
   (c) This is considered an internal link
   (d) You can acheive this by adding an href attribute to the `<image>` tag
2. I have a very long webpage. When a user clicks on a link, I want it to take them to a specific section in the same webpage. Which of these statements is true?
   (a) I should create a similar HTML page that has that section at the top
   (b) I should add an id attribute to the place I want the link to take them to
   (c) There is no way to achieve this
   (d) I should use a `#` in the link's `href` attribute
3. I have a PDF file on my website. I want users to be able to download the file by clicking on a link. Which of these is true?
   (a) I should use a `<pdf>` HTML element for this
   (b) I should add a `download` attribute to the `<a>` tag
   (c) I can specify a default filename for the downloaded file
   (d) I should put a `<file>` tag inside of a set of `<a>` tags
